

Kryštof MATUŠTÍK

Machine learning student

☎ +420 737 116 914 @ krystof.matustik@seznam.cz 📍 Jičínská 277/3, Ostrava, Czech republic

Master's student in **Artificial Intelligence and Machine Learning** with a strong technical foundation in Informatics.

Experienced in communicating complex concepts through **teaching university-level seminars** and evaluating low-level programming assignments.

Passionate about applying ML methods to real-world problems and eager to broaden my experiences.

SKILLS

Languages	Python (Advanced), C/C++ (Intermediate), SQL, Bash/Shell
AI & ML	PyTorch, TensorFlow, Scikit-Learn, Pandas, NumPy, Neural Networks
Tools	Git, Docker, UNIX, LaTeX, NeoVim
Soft Skills	Technical Teaching, Public Speaking, Cross-cultural Communication

EXPERIENCE

Present Feb 2024	Teaching Assistant / Seminar Lead, MASARYK UNIVERSITY, Brno ➤ Introduction to AI (PB016 Course): Led seminars for two semesters, teaching fundamental concepts of AI, search algorithms, and basic logic to undergraduate students. ➤ Low-Level Programming (IB111 Course): Assisted in evaluating student assignments (C), providing feedback on code quality, memory management, and debugging. ➤ Developed strong technical communication skills by breaking down complex topics for students. Teaching Python C Algorithms Public Speaking
Aug 2023 Jan 2016	Sales & Logistics Associate, VARIOUS COMPANIES, Ostrava ➤ Wine Shop Sales: Managed customer transactions, inventory, and product advice. ➤ Logistics Driver: Responsible for time-sensitive deliveries for a flower and food companies. ➤ Construction & Renovation: Assisted in residential remodeling, focusing on bathroom renovations and technical on-site problem-solving. ➤ Gained strong time management and manual skills, reliability, and ability to work in fast-paced environments. Customer Service Logistics Teamwork Manual skills Adaptability

EDUCATION

2025 - Present	Master of Science in AI and ML , Masaryk University, Brno, Czech Republic.
2022 - 2025	Bachelor of Science in Informatics , Masaryk University, Brno, Czech Republic.
2014 - 2022	Maturita state exam , Gymnázium Ostrava-Hrabůvka, Ostrava, Czech Republic.

+ PROJECTS & VOLUNTEERING

BACHELOR THESIS: COMPUTATIONAL WORKFLOW FOR GENOME-SCALE METABOLIC MODEL RECONSTRUCTION OF NON-MODEL ORGANISMS

2025

[GitHub Link](#) [Thesis Link](#)

Collaborated with a university research group to help develop whole genome metabolic models.

- > Processed and analyzed complex biological datasets to simulate metabolic networks.
- > Wrote clean, reproducible code to validate model predictions.
- > **Tech Stack:** Python, Data Analysis, Biological Modeling.

Research Python Data Science Bioinformatics

PERSONAL PROGRAMMING PROJECTS

2022 - PRESENT

[GitHub: krstff](#)

Applied advanced algorithmic concepts to build solving and predictive tools.

- > **Guitar Note Predictor (Python):** Built a Markov Chain model using Python to analyze real-time audio input and predict subsequent notes based on MIDI training data.
- > **Wordle & Spelling Bee Solver (C):** Implemented a high-performance solver in C that utilizes constraint checking and dictionary filtering to find optimal solutions efficiently.

Python C Markov Models Optimization

INTERNATIONAL VOLUNTEER PROGRAM

SUMMER 2025

Italy

Volunteered for one month in Italy, contributed to a local olive farm.

- > Adapted quickly to a new cultural environment and foreign language barriers.

Volunteering Soft Skills Adaptability
